

Oregon *Dental* Foundation

Fall 2005

Meet Karleanne Rogers

Karleanne Rogers

The Oregon Dental Foundation (ODF) is proud to introduce its new executive director, Karleanne Rogers. Rogers joined the ODF in April and serves as both the executive director for ODF and the manager of

community events and employee outreach for The ODS Companies (ODS).

As executive director, Rogers will be in charge of strategic planning, management of

ODF funds, fundraising, promoting ODF and its interest in the community, and grant assistance and allocation. Rogers said her main goal in this new position is to raise the awareness and exposure of the Foundation in the community.

"We need to increase our visibility in the community as a whole," Rogers said. "The more exposure we can get in the next few years, the more we can educate people about the importance of oral health and the role this Foundation plays in providing and improving dental health for all Oregonians."

In addition to increasing awareness in the entire community, Rogers also said she would like to promote and encourage dental professionals to become more involved with ODF

"I would like to see more participation from the dental profession, as well as those companies and businesses that are related to dentistry," Rogers said. "I would like us to truly be seen as dentistry's charity. If we can achieve that, I think we can raise the funds necessary to make a difference in Oregon."

Rogers is excited about her new position and said she truly believes in the cause and mission of the Foundation, and thinks it's one everyone can believe in.

When Rogers is not working, her three sons, aged 8 to 13, keep her busy. She is also an avid cyclist. To contact Rogers please call (503) 620-3230 or e-mail her at karleanne@oregondental.org.

Oregon Dental Convention Wrap-up

The Oregon Dental Foundation (ODF) raised \$6,500 at the Oregon Dental Convention (ODC) in early April. The money was raised through attendees' participation in the wall of wine, the ODF golf putt and personal donations.

ODF executive director Karleanne Rogers said the wall of wine was a huge success. Convention attendees bought tickets for the wall for \$20. They then went to the wall of wine located in the Appellation room and pulled a wrapped bottle of wine. The wine was donated by the wineries of Appellation Oregon, including: ADEA Wine Company, Amity Vineyards, Bishop Creek Cellars, Griffin Creek, Tualatin Estates, Urban Wineworks and Willamette Valley

Vineyards, as well as donations from local dentists. The value of the wrapped bottles of wine ranged from \$15 to \$400.

"We sold all the wine tickets," Rogers said. "The wall was a huge success. We were thrilled that people enjoyed this activity, and we are grateful to all those who donated wine to the wall."

Another fundraising event at the ODC was the putting green, which was created and designed by Paul Kunkel Jr., DMD. For \$10 participants were able to try to sink a putt. For every putt made, participants were able to put their names in a raffle drawing for prizes such as overnight accommodations at Mt. Bachelor

Village Resort, rounds of golf at various golf courses and a golf swing analysis session at Red Tail.

"The golf putt fundraiser was a fun and interactive way for the ODC attendees to donate to the ODF," said Ken Berg, DMD, president of the ODF Board of Directors.

"The ODC was a great opportunity for us to speak with individuals in the dental profession and relay our message," Rogers said. "The success of ODF depends on this core group of people; this is dentistry's charity. To come together at a convention like this is beneficial for us all."

Dear Friends:

A huge thank-you to everyone who contributed to our spring campaign. Thanks to your efforts and generosity, the Oregon Dental Foundation (ODF) celebrated its most successful spring campaign.

Every dollar and donation counts, but I would like to take a moment to recognize some individuals and companies that went above and beyond in their quests to bring oral health education and assistance to Oregonians.

Thank you to Ken and Joan Austin of A-dec for a \$30,000 matching grant for new monies raised during the 2004 campaign. I would also like to thank and recognize Robert Gootee and The ODS Companies (ODS) for their generous donations to a number of our activities and fundraisers this year, including a corporate match of \$30,000.

In addition to the generous donations by A-dec and ODS, other foundation fundraising activities this year included the first annual "Give a Day for Dentistry" campaign, a putting contest inspired by Paul Kunkel at the Oregon Dental Convention's (ODC) annual meeting, the wall of wine at the ODC and the first annual golf tournament.

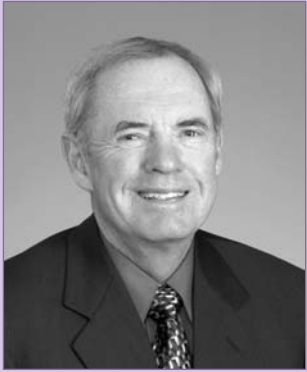

We owe this year's success not only to our donors, but also to our outstanding Board of Directors. I would also like to thank Bill Zepp and his committee for their help with the golf tournament. Finally, I would like to thank the ODF staff. These successes would never have happened without the outstanding work and coordination by our new executive director, Karleanne Rogers, and her assistant, Judy Edgerly. The foundation never missed a beat in its operations due to their efforts.

As we end our 2005 campaign on Oct. 31, I am confident that we have set the stage for an even more successful year in 2006. Thanks to ODS and its \$30,000 matching grant donation for monies raised in November and December, we are already off to a good start. With your help we can do even more. As previous donors, please appeal to those who are not yet contributing and encourage them to participate in our 2006 campaign. With everyone's help we can make a difference in dental care and education for those in need in our great state of Oregon.

Gratefully,

Dr. Ken Berg

Foundation Announces Annual Awards of Excellence

The Oregon Dental Foundation is pleased to announce the recipients of the annual Awards of Excellence. These awards recognize individuals, clinical programs and educational programs whose work improves the lives of all Oregonians by increasing the quality and quantity of dental health, education and scientific knowledge. The awards will be presented later this month.

Volunteer Doctor of the Year

The ODF annually honors one doctor who is recognized for his or her compassionate care, long-term service and commitment to volunteerism. This individual is one who actively volunteers in a community clinic that has

received past ODF grant funding. This year's award recipient is **Dr. David Doyle** for his work with the Clackamas County Children's Commission and Head Start.

Outstanding Dental Program Achievement Award

This award highlights a community dental clinic or dental education program that is a past recipient of an ODF grant. The winning nominee addresses unmet dental health care needs in the community and demonstrates innovation and creativity in the design or delivery of services. This year's Outstanding Dental

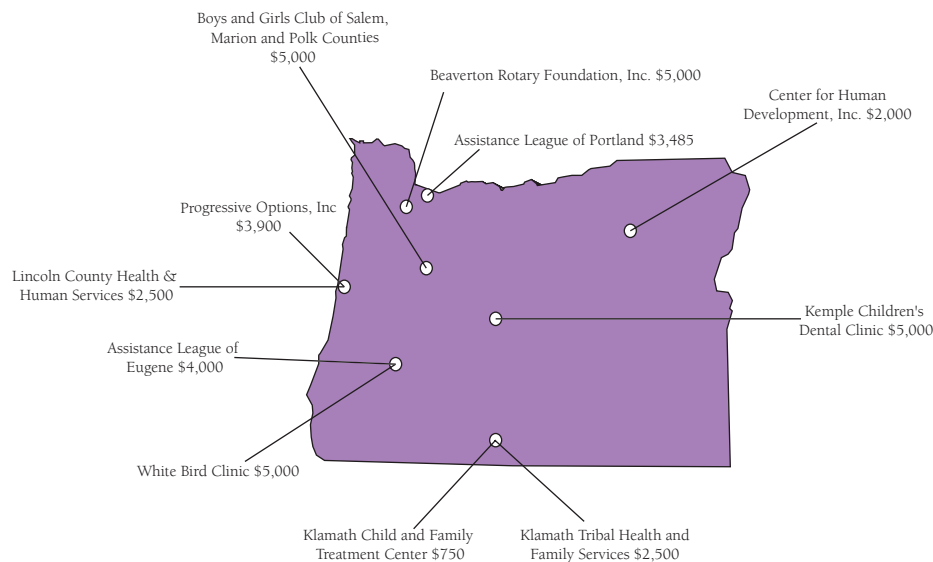

ODF Awards \$39,135 in Spring Grants

The Oregon Dental Foundation (ODF) awarded \$39,135 in grants to various programs and organizations throughout Oregon during its spring 2005 grant cycle. This is the largest amount the Foundation has been able to award during a singular grant cycle.

“As always, choosing the recipients was a difficult decision for us,” said Rickland G. Asai, DMD, chair of the Grant Committee. “We receive more grant requests than we are able to fund, and choosing among them is a challenge. We try to look at the impact our funds will have on a community, the level of local support and whether or not an effective program would continue without our support. As our foundation corpus continues

to grow, we look forward to the ability to fund more of these deserving grants.”

ODF’s current campaign is a yearlong effort to increase the foundation’s grant fund, *Help to make a child smile*. “More than half of Oregon children suffer from tooth decay, and underprivileged children are at a greater risk,” said ODF board president Kenneth R. Berg, DMD. “With ODF’s help, many low-cost dental programs have been able to deliver needed care, especially to children throughout Oregon. Treatment, education and alleviation of pain are goals of our grants. We are fortunate that dentists throughout the state are generous with donations of their time and money.”

Program Achievement Award recipient is the **Beaverton Rotary Dental Check/Dental Aid Program** in Beaverton, Oregon.

Dr. George A. Ronning Humanitarian Award

Each year the ODF selects one program that serves the poor who have no access to quality dental care. The award is an annual tribute to the late Dr. George A.

Ronning, who is remembered as a caring dentist, a model statesman and an outstanding humanitarian. The Foundation board selects the winner for the Ronning Award from among the previous year’s grant recipients who exemplify the highest standards and ethical principles in dentistry. This year’s Ronning Award recipient is the **White Bird Community Dental Clinic** in Eugene, Oregon.

Make Philanthropy A Family Affair

Some modern brides and grooms—many of whom already have two of everything—request donations to a charitable organization in their name instead of a wedding gift. You could adapt this “no presents please” idea to your family’s birthday or even holiday celebrations.

A family discussion about philanthropy and sharing with others is an essential beginning to this family affair. You may need to start small if not everyone in your family is enthusiastic about giving up the old ways. You should decide what occasions you will include in your new tradition and how you will choose the charitable recipient of your gifts.

Throughout the year, keep track of family giving and celebrate your good works at the end of the year. Together, you will discover creative giving blends beautifully with old traditions, and you’ll inspire a newfound joy and satisfaction in giving.

ODF First Annual Golf Tournament

The Oregon Dental Foundation (ODF) held its first annual ODF Golf Tournament on Friday, May 26, at the Persimmon Hill Golf Club. The event was a success. Twenty-eight teams participated in the shotgun scramble, which raised close to \$36,000.

“We had a wonderful group of golfers,” said Karleanne Rogers, ODF executive director. “Their participation, along with the generous donations of our sponsors, made this an important and successful day for us.”

ODF is very grateful to all the tournament sponsors: Dahlin Fernandez Fritz, Schwabe; Center for Enhanced Training; Consani Seims Ltd.; OHSU School of Dentistry Alumni Association; Walsh Construction Co.; A-dec, Inc.; Advantage Dental; Burkhart Dental; Umpqua Bank; Willamette Dental Group; Leopold Ketel & Partners; Patterson Dental Supply; CIDA; Melvin Mark Brokerage; Oregon Dental Association; Carpenter & Associates Inc.; Stoel Rives LLP; BnK Construction; Artisan Dental Lab; MBNA; Permanente; InLine Construction; and The ODS Companies.

“We can not thank our sponsors enough,” Rogers said. “It is inspiring and comforting to know that members of the Oregon and dental community support this foundation and its efforts to provide all Oregonians, especially children, access to dental care.”

Robert Gootee, president and CEO of The ODS Companies—the largest sponsor of the event, said he was excited to be a part of the first annual golf tournament.

“We believe strongly in the ODF and its work in our community,” Gootee said. “This is an important foundation for dentists, dental companies and all Oregonians to support. The event was a great amount of fun! Bill Zepp did a great job organizing the tournament.”

The second annual ODF Golf Tournament will be Friday, June 2, 2006, at the Riverside Golf & Country Club. Rogers said she is already looking forward to the event:

“This is a wonderful way to raise awareness for dental health while supporting camaraderie among dentists and dental companies.”

For more information about sponsoring or participating in the second annual golf tournament, please contact the ODF at (503) 620-3230 or foundation@oregondental.org.

The Oregon Dental Foundation was established in 1982 by the Oregon Dental Association. It is a not-for-profit organization dedicated to improving the lives of Oregonians by increasing the quality and quantity of dental health, education and scientific knowledge. To learn more about ODF or to make a donation, please visit www.oregondentalfoundation.org.

Our Mission: *Improve the lives of Oregonians by funding community projects that render dental care service to the disadvantaged citizens of Oregon, with an emphasis on children's programs.*
